ANSWER

BLOCKS INSTRUCTIONS

QUICK GUIDE:

Solve the math equation
in each square

Find the matching shape

Shade in the square to
match the answer shape

Read one or two letters from
the combined shapes

The answer
revealed is "Z."

Details:

1. Each page contains a grid of squares, with math equations inside each square. Solve each equation.
2. Find the matching answer from the key at the bottom of the page. It will be a picture of how to darken the square.
3. Try to copy the picture that matches the answer onto each square. Fill the square, but don't draw too darkly, in case you need to make corrections.
4. Once all the squares are drawn upon (some drawings will be blank), hold the page at arm's length. It should reveal one or two letters per page.
5. Combine the letters into one final answer by taking the letters from each page, in page number order.

Instructions:

1. Solve each problem in the grid at right.
2. Each solution should match one of the numbers in the legend below.
3. Shade in each box with the matching shape from the legend.

Legend:

42 or 83	3 or 44	5 or 46	7 or 48	9 or 91
11 or 52	13 or 54	15 or 56	17 or 58	19 or 101
