3. Connect the dots for all the numbers in a tens group, connected in ascending order (such as 6-7-8, or 20-21-22, or 93-94-95). Do not join the two groups.
4. Lay your pages side-by-side, according to the page numbers at the bottom of each page. There will be 8 letters, read as a 2-word phrase.
